Honorable William J. Casey  
Director of Central Intelligence  
Central Intelligence Agency  
Washington, DC 20505

Dear Mr. Casey:

The Subcommittee on Civil Service has jurisdiction over legislation (H.R. 4681, copy attached), which would, inter alia, ban prepublication review agreements in the Federal government, other than the Central Intelligence Agency and the National Security Agency.

To help the Subcommittee better understand the impact of such a provision, I request that you provide me with the following information:

I. The number of civilian employees, the number of military personnel (if applicable) and the number of contract employees which your agency currently employs who have access to SCI information.

II. Within each of the categories of employees set out in Question I, the number who have signed nondisclosure agreements containing language exactly the same as or closely paralleling the language set out below:

"In consideration of being granted access to SCI and of being assigned or retained in a position of special confidence and trust requiring access to SCI and other classified information, I hereby agree to submit for security review by the Department or Agency last granting me either a security clearance or an SCI access approval all materials, including works of fiction, that I contemplate disclosing to any person not authorized to have such information, or that I have prepared for public disclosure, which contain or purport to contain:

- (a) any SCI, any description of activities that produce or relate to SCI, or any information derived from SCI;

- (b) any classified information from intelligence reports or estimates; or
- (c) any information concerning intelligence activities, sources or methods.

"I understand and agree that my obligation to submit such information and materials for review applies during the course of my access to SCI and at all times thereafter. However, I am not required to submit for review any such materials that exclusively contain information lawfully obtained by me at a time when I have no employment, contract or other relationship with the United States Government, and which are to be published at such time." (Para. 5 of "SCI Nondisclosure Agreement Form" circulated by the Department of Justice on August 25, 1983.)

III. Within each of the categories of employees set out in Question I, the number who have signed nondisclosure agreements containing prepublication review requirements exactly the same as or closely paralleling the language contained in form 4193 dated 7/81.

IV. Within each of the categories of employees set out in Question I, the number who have signed other types of nondisclosure agreements which contain provisions requiring prepublication review. Please provide a copy of each type of prepublication review provision, other than the ones described in Questions II and III, along with the number of each type of employee who have signed each type of provision.

V. Within each of the categories of employees set out in Question I, the number who have signed nondisclosure agreements which contain no prepublication review requirement.

In answering questions I, II, III, IV, and V, please provide the total number in each category and separate out the number in each category who have commenced employment (for question I) or signed such a form (for questions II, III, IV, and V) since September 1, 1983.

The Subcommittee plans to expedite consideration of H.R. 4681. Therefore, I request a complete answer by March 1, 1984. If it is impossible to arrive at exact numbers, please provide well-based estimates. If the information cannot be provided in an unclassified form, please provide as much as possible in an unclassified form and contact the Subcommittee staff director, Andrew Feinstein, to arrange for the submission of the balance in a classified annex. Any other questions can be directed to Mr. Feinstein at 225-4025.

With kind regards,

Sincerely,

A handwritten signature in cursive script, appearing to read "Pat Schroeder". The signature is written in dark ink and is positioned below the word "Sincerely,". A large, loopy flourish extends from the end of the signature.
